

4. Who will be involved and what will their roles be?

5. How will you and we know if your program is successful? What specifically will you report back to us at the end of the project?

6. What problems or obstacles might make this project difficult? How do you plan to address them?

7. Please attach a budget with an explanation of each line

Grant Recipients will be required to attend ROTM Task Force Meetings during the duration of their project. We meet the 3rd Thursday of every month from 5:15-6:30pm at the Revere Police Station. You will also be required to give regular progress updates at pre-determined intervals. The ROTM Task Force commits to provide grant recipients with timely technical assistance, including feedback on measures of success and connections to other community members and organizations who might be potential partners.

About Revere on the Move:

Revere on the Move is a Mass in Motion initiative, funded in part by Partners Healthcare and co-led by the City of Revere and Revere CARES. We are a community initiative working to make healthy eating and active living the easy choice in Revere. We are led by a task force that represents our many close partner organizations and dedicated community members, including: the City of Revere, Revere CARES, Revere Public Schools, The Revere Beach Partnership, the Revere Beautification Committee, the Revere After School Partnership, the Neighborhood Developers, the Beachmont Improvement Committee, Massachusetts General Hospital for Children and the MGH Revere Health Care Center.

Our Vision:

Revere will be a close-knit, bustling community where healthy eating and physical activity are an integral part of everyday life, leading to a reduction in chronic disease rates. There will be strong collaboration among Revere Public Schools, the City and a diverse array of community organizations.

Residents of all ethnic and racial backgrounds and of all income levels access healthy foods at a prosperous farmers market, through a vibrant community growing program, through innovative school food services, after school snack and dinner programs, successful neighborhood restaurants and busy corner stores.

Revere residents live active lives, walking and biking across the Revere for recreation and transportation. Revere Beach and a network of urban trails and parks provide safe and easy access to the outdoors. Schools provide students opportunities for physical activity throughout the day.

Revere on the Move provides communication infrastructure that allows information on healthy living to inform decision-makers and reach all sectors of the community.

Please return application by mail or email to either person listed below. You may also contact either of them if you have any questions or would like help on your application.
